INITIAL ASSIGNMENTS

Prior to first class meeting on 1/9, students must sign up for this course on TWEN (Westlaw), and read and be prepared to discuss M&S Chapters 1 through 4 (pages 1 through 39).

I expect students to be prepared for each class, and hope to be able to rely on voluntary class participation proportionally from everyone, rather than having to call on students individually.

PLEASE NOTE: There will be no class on Monday January 16 (Martin Luther King holiday), and on Monday January 23 (I will be away for the American Correctional Association conference in Phoenix). Hopefully we can cover the course materials without having to schedule any make-up time.

Looking forward to a great semester!
